

Total self-contained power
and air source

DU Series

GenAer air compressor and generator combo units are the ultimate air and power solution for Spray Foam, Coatings, Oil and Gas, and Mobile Service Industries.

- ⚡ 1800 RPM diesel engine
- ⚡ 208-240V/460V Single or 3-Phase
- ⚡ Select from: **DU2560RSD, DU3040RSD, DU3520RSD, DU3530RSD, DU3560RSD, DU4020RSD, DU4030RSD, DU4040RSD**

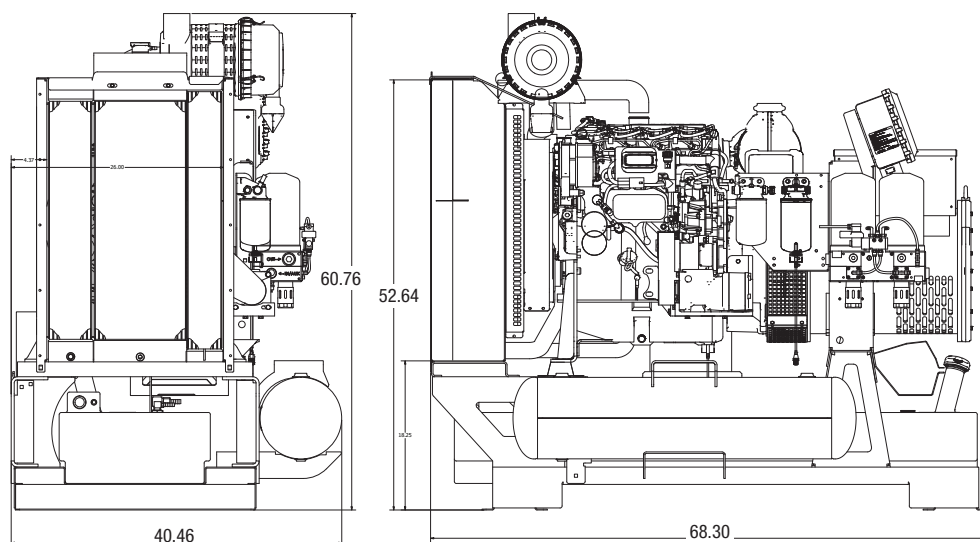

Why choose DU Series Combo Units

- ⚡ Unique lightweight, compact design
- ⚡ High efficiency generator to reduce fuel consumption
- ⚡ All-in-one design for easy, low-cost installation
- ⚡ Integrated air tank to decrease stress on compressor
- ⚡ Latest air dryer technology to provide superior air quality
- ⚡ Low speed rotary screw air compressor to provide long life and extend service intervals
- ⚡ Easy maintenance

Nothing Compares to **GenAer**

DU3530RSD	35	30	2.2	1,850	170
DU3560RSD	35	60	2.9	1,950	170
DU4020RSD	40	20	2.9	1,950	170
DU4030RSD	40	30	2.9	1,950	170
DU4040RSD	40	40	2.9	1,950	170

- Deutz Tier 4 Diesel Engine
- 12 Lead Industrial Copper Wound Generator
- Engine Driven Industrial Rotary Screw Air Compressor
- 2000hr Compressor Service Interval
- Tsunami Regenerative Air-Drying System
- Electronic Control Panel
- Spin on filters for easy engine and compressor service
- Low Engine Oil Pressure Shutdown
- High Engine Temperature Shutdown
- High Compressor Temperature Shutdown
- 40 Gallon Integrated Poly Fuel Tank
- 14 Gallon Integrated Air Tank
- Powder Coated Steel Base Frame
- Four way lifting pockets

Nothing Compares to **GenAer**

GenAer DU combo units feature components from **Tsunami** & **Deutz**, chosen for their superior quality and reliability.
